

ORNAMENTAL FOUNTAINS

There's something about moving water that always draws the eye – especially when it is an element in a striking water feature.

Take your garden to the next level by introducing new colors and textures to add contrast to your established garden design.

The Laguna line of ornaments range in style from traditional to contemporary, add soothing sounds and sparkling sights to any garden. They show that a water feature doesn't need to gush gallons to make a powerful statement.

1. Foaming Rock PT-I100

This monolithic ornament is an elegant replica of granite, but weighs far less. Its unique shape will capture the eye as an ideal focal point in a garden setting.

2. Sagada Pot PT-I101

Reminiscent of the ancient 1000 year-old caves in the remote Philippine province of Sagada, this exotic looking pot looks and feels like the actual stone of the cave walls, but is actually lightweight and easy to move.

3. Saqqara Fountain PT-I110

The finish of this fountain is reminiscent of the layered limestone structure of one of the world's oldest standing step pyramids, the Saqqara, in the ancient Egyptian city of the same name.

4. Foaming Globe PT-I115

With its smooth, clean lines this ornament creates the ideal center piece for any garden. Adding a whimsical dimension to any space it proves that big style doesn't need a lot of room.

5. Japanese Bamboo PT-I091

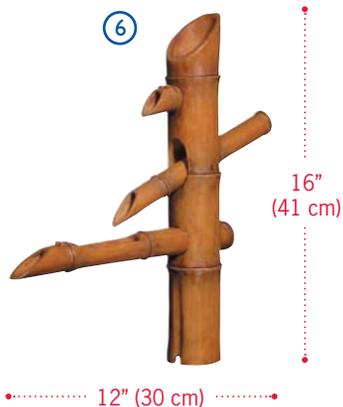

6. Deer Scarer PT-I093

- Made of durable polyresin material finished with crack-resistant paint.
- Lightweight, easy to carry and cold-temperature safe.
- Comes complete with a multi-hose adapter to allow easy transitions to different hose sizes.

7. Ducklings PT-I020

5" (13 cm) Duckling - 3 pack

- Made of durable blow-molded hard plastic.

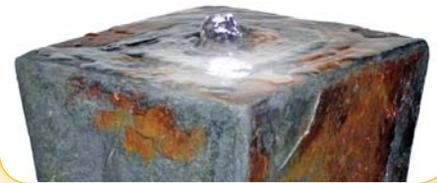

ORNAMENTAL FOUNTAINS

Place the Slate Fountain in our Square Water Bowl (PT-1118) for a complete water fountain display.

Add a little night-time glamour to Laguna ornamental fountains by incorporating lighting. The Laguna PowerGlo LED Ornament Accent Light (PT-1560) and PowerGlo Pond Lights (PT-1550, 1561, 1565 and) are ideal for creating an enchanting ambiance both in and outdoors.

8. Slate Fountain PT-1117

The sleek lines and warm-earth tones of this ornament allow it to blend in with any setting. It has the dramatic appearance of real slate, but is actually lightweight and easy to install.

9. Sand Stone PT-1121

The smooth grooves in this ornament allow water to flow through the ripples like fingers running through sand. Its soft color allows it to blend with any surrounding.

10. Honey Comb PT-1120

This unique ornament will surely grab people's attention. Its honeycomb structure introduces a unique perspective to the backyard - water cascades down the center.

11. Water Ripple PT-1122

Curvy with a playful twist, the warm, rich finish on this ornament is bound to make a statement in any setting. Its tall stature and elegant curves give an effect that will not go unnoticed.

12. Windmill PT-1123

Watching water flow through the grooves of this windmill styled ornament will captivate any viewer. Its modern finish will introduce an urban element to any setting.

MATERIALS NEEDED:

- Foaming Globe PT-1115
- Laguna Statuary Pump 2 PT-305
- Basin PT-242
- PowerGlo LED Accent PT-1560 and Submersible LED Lights PT-1561
- Pebbles

CHOOSE YOUR ORNAMENT

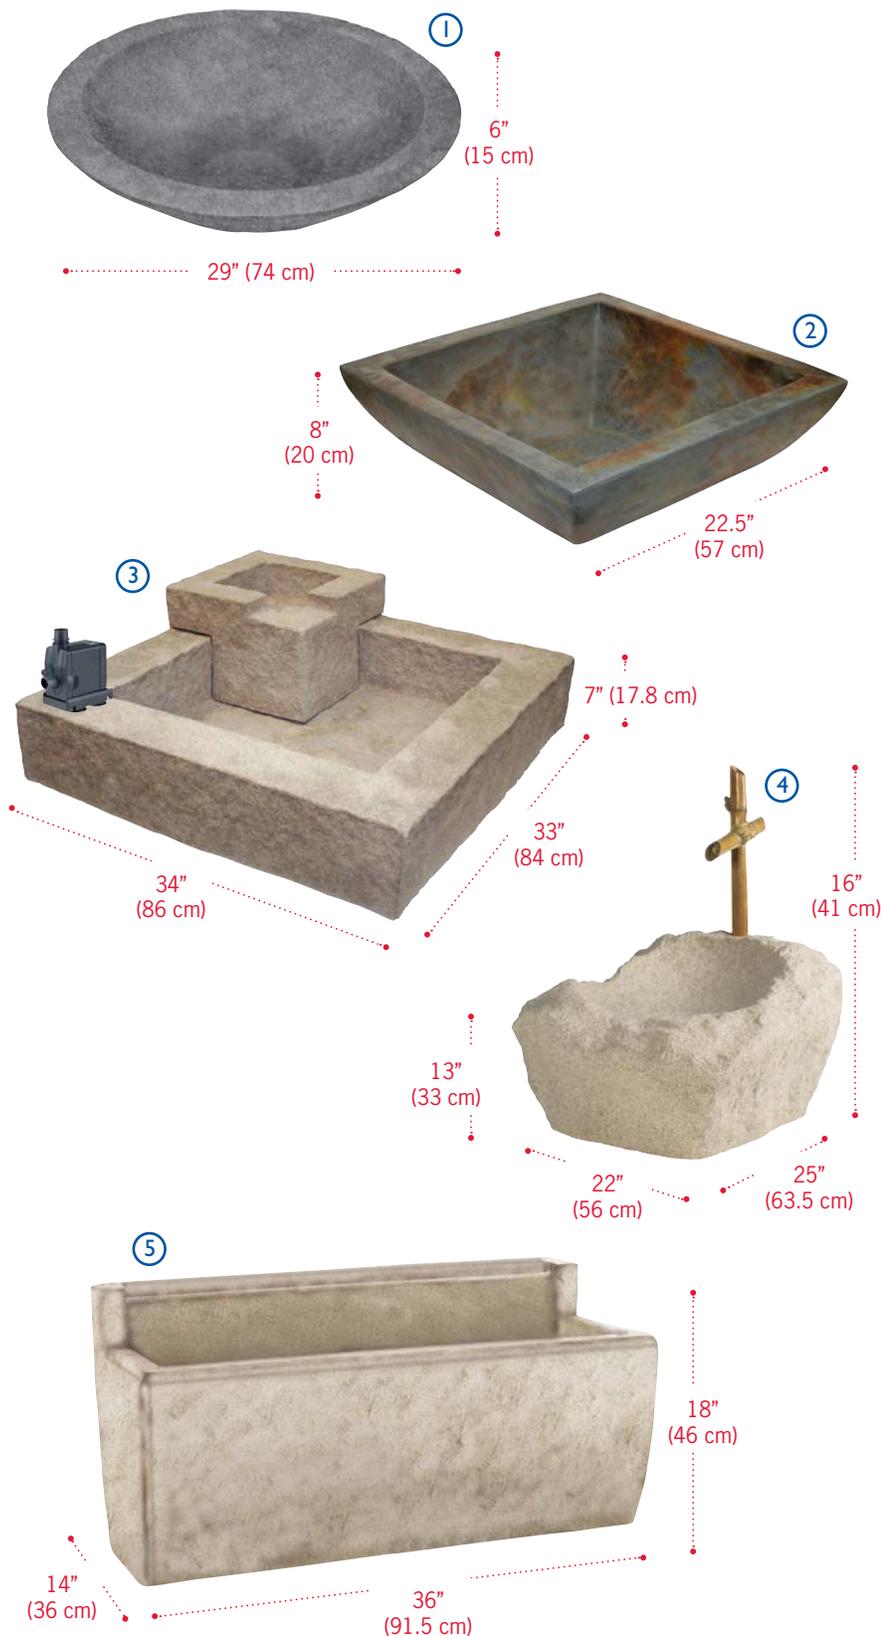

STEP 1-7: INSTALL YOUR WATER FEATURE

Place the Foaming Globe in our Round Water Bowl (PT-1116) for a complete water fountain display. This allows the option of adding aquatic plants for further appeal.

SELF CONTAINED WATER FEATURE

1. Water Bowl - Round PT-1116

Hand-finished craftsmanship coupled with clean, sculptural dimensions make this a classic display piece for any backyard or balcony. Add a splash of color by incorporating your favorite floating plants.

2 Water Bowl - Square PT-1118

Perfectly sized for homes, entrances, offices or stores this ornament is truly multi-functional. It provides the perfect way to showcase seasonal flora or with a few simple additions, can be turned into a water garden oasis – complete with fish.

3. Deck Pond PT-1119

Consumers that have a small space but want to make a big impact need to look no further than the Deck Pond. Its compact, contemporary design lends a touch of sophistication to any setting – regardless of size. The faux-concrete finish generates an urban vibe which compliments the natural feel of plants, water and fish.

Pump included Made in Italy

4. Oriental Boulder with Fountain PT-1102

Impressive and formidable, this oriental water feature is a visual standout. The sounds of water trickling from the fountain will soothe the soul. The addition of pebbles (not included) in the concave “seat” of the boulder will bring added visual appeal.

5. Patio Pond PT-1124

This self-contained deck pond can be placed just about anywhere. Its taller back creates a water wall which cascades into the basin. For a stunning focal point, the deck pond has been designed so two or more can be pushed together.

MATERIALS NEEDED:

- Laguna Deck Pond PT-1119
- Laguna Statuary Pump 2 PT-305
- Planting Bags PT-970/971/972
- Submersible LED lights PT-1561/1565

Web Tip:

Want to know how to prolong your pump's life? Read our online Quick Start Guides.

Maintenance:

The only maintenance required is replacement of water lost through evaporation. Pay particular attention to this as the pump will be damaged if it runs dry.

STEP 1-3: INSTALL YOUR WATER FEATURE

For a quieter water flow place a beach pebble in the top portion of the Deck Pond to partially cover the opening.

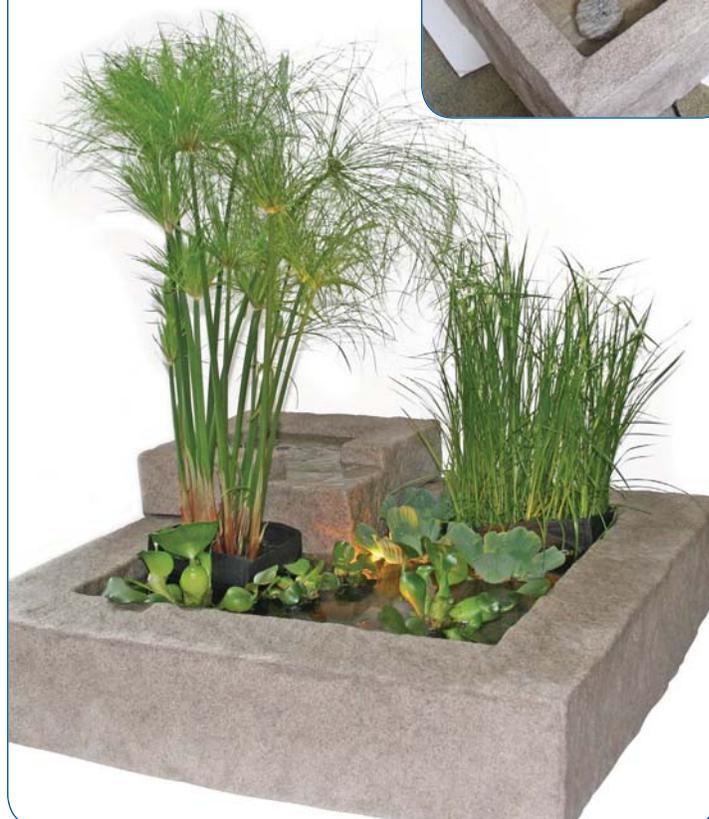

Attach the flexible hose from the top portion of the Deck Pond to the circulating pump.

Once connected together, position the pump in the bottom section of the Deck Pond. Fill with water and secure the top portion into position.

Add plants. Arranging aquatic plants is a matter of personal taste and style. Laguna offers a range of planting bags in different shapes and sizes to accommodate all pond plants.

SELF CONTAINED WATER FEATURE

INCLUDES:

- Air Pump
- Airline Tubing

6. Water Garden Fish Bowls PT-1130

This water garden fish bowl can be enjoyed either in or out doors. Its modern exterior will add color and pazz to homes and gardens. Place on the ground or elevated on a pedustal or table and you will surely turn heads.

7. PT-1131

This classic water garden fish bowl has a natural rock finish that will blend into any setting. Add a splash of color by incorporating your favorite floating plants.
