ADD DESIGN TO YOUR LIFESTYLE

all you see is

style

Clean, architectural lines and supreme simplicity...

Fluval EDGE brings an exciting new look to aquatics, combining the most modern aquarium design with the beauty of nature. The result is an utterly stylish complement to any home or office space.

The Fluval EDGE aquarium has been designed for today's lifestyle with a contoured casing module and a 6-sided glass tank. Whether in an ultra modern or more traditional setting this versatile aquarium adds the 'designer' look to almost any room in the home.

The gentle flow of the water and the glow of the lighting combine to produce a beautiful 'shimmering' effect...reminiscent of sunlight on open water.

Positioned at a lower level, the glass top ensures this stunning effect can also be viewed from above, unhindered by equipment or trailing wires.

design

The unique equipment module hides and holds all the essential equipment needed to keep the aquarium looking good. Low voltage Halogen bulbs provide economical lighting and the EDGE filter is quiet, powerful and easy to use. The constant cascade from the filter oxygenates water and 3-stage filtration ensures a clear and healthy environment...

**MECHANICAL**

Foam filter - traps particles and debris.

**CHEMICAL**

Carbon insert - absorbs odours, discolorations and impurities.

**BIOLOGICAL**

BIOMAX insert - expands biological capacity to encourage growth of friendly bacteria.

power

Note: The above photograph depicts a Fluval EDGE aquarium situated in a modern, open plan, en-suite area. Most bathroom environments are not suitable for electrical products and these rooms should be avoided, we strongly advise that you use caution when positioning an aquarium.

Selecting suitable types of fish and ensuring the quantity chosen does not exceed the 23 litre capacity is essential.

EDGE friendly species include: White Cloud Mountain Minnows, Betta Splendens, Barbs, Danios, small Goldfish, Crystal Red Shrimps, Snails.

Allow a minimum of 3 litres of water for every 1cm of fish, excluding the tail. Fish are usually sold as juveniles, so you will need to allow some extra space for your fish to grow. Tropical fish require an aquarium heater. Consult your specialist retailer for stocking advice and species' specific requirements.

Fluval EDGE is extremely versatile, perfect for any home or office. Its compact proportions make it a beautiful addition to any interior décor where space may be limited and in low light areas the aquarium glows like a jewel, bringing light and life to dull corners or uninteresting walls.

Neat design solutions take care of the essentials, even wiring is beautifully hidden, allowing a good, all round view whether placed on a desk, coffee table or kitchen top.

Available in a choice of 3 colours: Burnt Orange, Pewter or Matte Black to blend with any interior decor.

ADD DESIGN TO YOUR LIFESTYLE

**COLOUR OPTIONS AVAILABLE:**

**12290 Zen Wall Decor Ornament**  
(plants not included)

**A256 25W Heater**

It's easy to upgrade to a tropical set-up with the Fluval EDGE heater

**11259 Fish Net**

**11059 Gravel Cleaner**

**11024 Algae Magnet**

**11206 Digital Thermometer**

**OTHER ITEMS AVAILABLE IN THE FLUVAL EDGE RANGE:**

**12290 ZEN WALL DECOR ORNAMENT**  
Modern, linear design ornament, made of durable resin and glass, with plant holders and a screen wall with cutout to accommodate the filter inlet pipe and optional heater, if required.

**A256 HEATER**  
Required for tropical fish set-ups. Compact, safe and submersible, pre-set to 26°C/78°F with no adjustment necessary.

**11259 FISH NET**  
Angled, triangular head allows access into corners. Soft mesh netting is safe for small or delicate species.

**11059 GRAVEL CLEANER**  
Contoured to reach all corners of the aquarium. Includes 2 cleaning heads, easy start valve and an exclusive gravel guard.

**11206 DIGITAL THERMOMETER**  
Mounts to the outside glass for an accurate and clear temperature reading.

**11024 ALGAE MAGNET**  
Low profile design with large internal scrubbing pad for effective glass cleaning. Corrosion resistant.

**\*It is recommended that Nutrafin Aqua Plus Water Conditioner and Nutrafin Cycle Biological Aquarium Supplement are used regularly in conjunction with a good maintenance schedule to keep the aquarium conditions healthy for fish.**

**REPLACEMENT MEDIA AND ACCESSORIES:**

**A1389 FOAM AND BIOMAX RENEWAL KIT**  
Foam Pad traps particles and debris. BIOMAX provides optimal colonisation of beneficial bacteria and enhances the reduction of fish wastes. Renew every 2-3 months.

**A1379 CARBON CLEAN & CLEAR RENEWAL SACHET**  
Convenient sachets contain a premium grade carbon providing superior absorption qualities, which eliminate toxic impurities, odours and discolorations. Replace every 2-4 weeks to maintain a healthy environment.

**A1387 PRE-FILTER SPONGE**  
Traps fine debris and prevents small or baby fish from being drawn into the filter.

**11699 SHIELDED HALOGEN REPLACEMENT BULBS**  
2 x 10W halogen bulbs give shimmering light to plants, rocks and fish.

**A1389 Foam & BIOMAX Renewal Kit**

**A1379 Carbon Clean & Clear Renewal Sachet**

**A1387 Pre-Filter Sponge**

**11699 Shielded Halogen Replacement Bulbs**
