Re-inventing the avian environment

The Vision<sup>®</sup> Home for Birds continue the “less mess” tradition of bird cage design pioneered by the original Vision<sup>®</sup> Living Space for Birds.

Vision<sup>®</sup> Home for Birds’ combination of debris guard, deep base and the placement of seed/water cups help combat air currents to keep the majority of the waste and debris inside the cage. This reduces the amount of mess, and the time-consuming clean ups associated with bird keeping, leaving you more time to enjoy your pet.

# CAGE FEATURES
